

mySewnet Embroidery Software  
Levels: Silver/Gold/Platinum

## Super Designs

Alter design size and proportions while maintaining stitch quality. The design remains editable until it is fixed as embroidery stitches.

- Choose from animals, appliqués, corners and holidays and more
- Filled and outlines versions typically included
- Edit some Super Design stitch properties, like fill and line setting.

|           |   |  |
|-----------|---|--|
| <p>1.</p> | <p>Open mySewnet Embroidery. Choose Blank Canvas. In the Hoop Selection pop-up choose 240mm x 150mm Hoop. Orientation Natural. Click OK</p> |   |
| <p>2.</p> | <p>Go to the Super Design Tab, Choose the gray cat third from the right.</p>  |  |
| <p>3.</p> | <p>Click Select Style to see the available styles for the chosen design. In this case Color, Sepia or Line.</p>                             |  |

4. Choose one of each style and click Apply. We do not have to set the size. With Super Designs it's easy to play around with the designs and choose size.

5. Note that your designs appear with the flower + bolt icon next to it in the Filmstrip, indicating they are SuperDesigns.

|           |  |  |
|-----------|--|--|
| <p>6.</p> | <p>Let's start with the color cat. Hold the Shift key to change the proportionally by dragging in a corner. Set the size to approx. 70mm<br/>Place the cat on the center line by aligning the green triangle at the top.</p> |     |
| <p>7.</p> | <p>Continue with the Sepia Cat and set it to approx. 80mm. Align with the Color Cat. on the centerline.</p>  |   |
| <p>8.</p> | <p>Finally do the same thing with the Line Cat. Set the size to approx. 100mm and center at the top of the hoop.</p>   |  |

|     |  |  |
|-----|--|--|
| 9.  | <p>These changes in size can be made without any distortion of the stitches since they are specially digitized for it. When you are happy with the size. Just right click on the designs and choose Fix as Stitches.</p> |   |
| 10. | <p>Click on the Home Tab. Choose Combine all to combine the design to one file.</p>  |  |
| 11. | <p>Click Color Sort to reduce the number of color changes.</p>   |  |

This design was embroidered on a Book Cover created with the Project-in-the-hoop Wizard. This is a feature available in the Gold and Platinum Versions, see instruction below.

|           |   |  |
|-----------|---|--|
| <p>1.</p> | <p>Go to the Create Tab and click Projects-in-the-Hoop</p>  |     |
| <p>2.</p> | <p>There are several different Categories to choose from, choose Book Cover.</p>  |    |
| <p>3.</p> | <p>Under Styles, choose Blank</p>   |   |
| <p>4.</p> | <p>Under Dimensions you add the measurements from the book you want to cover; Width, Height, and Thickness.</p> <p>You can also view the PDF instruction with the steps of creating the book cover.</p>                   |  |
| <p>5.</p> | <p>Note that your book cover will appear on top of the embroidery.</p> <p>Change the order by clicking and dragging in the FilmStrip.</p> <p>All the steps for embroidering the book cover are included in the group.</p> |  |

|           |   |   |
|-----------|---|---|
| <p>6.</p> | <p>Click and drag the note book on the screen so that the design is placed on the right, like you want it placed on your book.</p> <p>The center of the book cover is marked with a green triangle on top and a cross hair in the center.</p> |  |
| <p>7.</p> | <p>Now you are ready to stitch your book cover according to the instructions in the PDF.</p>  |   |
